Antibullying Strategy

This school is a place where every person has the right to be themselves and to feel included in a safe and happy environment. Everyone at our school is equal and should be treated with respect.

Aims and purposes of the policy

Bullying of any kind is unacceptable. At our school the safety, welfare, and well-being of all students and staff is a key priority. We take all incidences of bullying seriously, and it is our duty as a whole school community to take measures to prevent and tackle any bullying, harassment, or discrimination.

We actively promote values of respect, inclusion and equality, and work to ensure difference and diversity is celebrated across the whole school community. We want to enable our students to become responsible citizens and prepare them for their adult life. These values reflect those that society will expect of our students when they leave school and enter the world of work or further study.

We are committed to improving our school's approach to the tackling of bullying by regularly monitoring, reviewing, and assessing the impact of our preventative measures.

Definition of bullying

The repetitive, intentional hurting of one person or group by another person or group, where the relationship involves an imbalance of power. Bullying can be physical, verbal or psychological. It can happen face-to-face or online.

1. The nature of bullying can be:

Cyber – such as using text, email or other social media to write or say hurtful things about someone

Verbal – such as name calling, spreading rumours about someone, using derogatory or offensive language or threatening someone

Physical – such as hitting or physically intimidating someone or using inappropriate or unwanted physical contact towards someone.

Psychological – such as deliberately excluding or ignoring people.

Attacking Property – such as damaging, stealing or hiding someone's possessions.

2. Bullying behaviours are characterised by the following attributes:

- The behaviour is intentional
- The person or group who are carrying out the bullying behaviours have more power than the victim or victims of bullying
- The behaviour causes physical or emotional harm for the individual or group who is targeted
- The behaviour is repeated

3. Bullying can be based on any of the following things:

- Race (racist bullying)
- Religion or Belief
- Culture
- Social Class or Socio-economic Background
- Gender (sexist bullying)
- Sexual Orientation (homophobic or biphobic bullying)
- Trans Identity, including Non-binary Identity (transphobic bullying)
- Special Educational Needs (SEN), OR Disability
- Appearance
- Related to home or another personal situation
- Related to another vulnerable group of people

Reporting bullying

Students who are being bullied: if a student is being bullied, they are encouraged not to retaliate but to tell someone they trust about it such as a friend, family member or trusted adult. They are also encouraged to report any bullying incidents in school by:

- Reporting it to school, via a form tutor, Key Stage Leader, Safeguarding Lead or any other member of staff
- Reporting it to parents or carers
- Reporting bullying by emailing – studentvoice@bluecoatschool.org.uk
- Calling ChildLine to speak with someone in confidence on 0800 1111

Roles and Responsibilities

Staff: all school staff, both teaching and support staff have a duty to report bullying, to be vigilant to the signs of bullying and to play an active role in the school's efforts to prevent bullying. If staff are aware of bullying, they should reassure the students involved and inform a relevant member of the pastoral team.

Leadership: the Senior Leadership Team have overall responsibility for ensuring that the anti-bullying policy is followed by all members of staff and that the school upholds its duty to promote the safety and well-being of all young people. In addition to the Designated Safeguarding Lead, Mrs Jasmine Baker, is the Senior Leader responsible for anti-bullying.

Parents & Carers: parents and carers should look out for potential signs of bullying such as signs of distress, lack of concentration, feigning illness or other unusual behaviour. Parents and carers should tell their child not to retaliate and support and encourage them to report the bullying. Parents and carers can report an incident of bullying to the school either in person, or by phoning or emailing the school office or the relevant Key Stage Leader.

Students: students should not take part in any kind of bullying and should watch out for potential signs of bullying among their peers. They should never be bystanders to incidents of bullying. If students witness bullying, they should support the victim, encourage them to report the bullying and, if possible, accompany them to tell a trusted adult. We proactively promote an 'Active Bystander' culture in school.

Responding to bullying

When bullying has been reported, the following actions will be taken:

- Staff will record the bullying on Bromcom and report it to the relevant Key Stage Leader
- Designated school staff will monitor the information shared and recorded on Bromcom, analysing and evaluating the results.
- SLT will produce termly reports summarising the information, which will be reported to the school's Trust Board.

Support will be offered to those who are the victims of bullying, which may include:

- Support from their form tutor
- Support from their Key Stage Leader
- Sessions with the Student Support Team
- The use of restorative justice

Staff will pro-actively respond to the perpetrator, who may require support and mentoring from their form tutor or Key Stage Leader, or through the use of restorative justice

Staff will liaise with parents of both the victim and the perpetrator

Staff will assess whether any other authorities (such as police or the local authority) need to be involved, particularly where actions take place outside of school

We use a range of proactive measures to prevent and tackle bullying including:
