

Blue Coat School Summer Reading Challenges

Each year in the summer holidays all members of The Blue Coat School community are invited to take part in The Great Blue Coat School Summer Reading Challenge. This involves reading a set number of books across the summer holidays. The aim of this event is to encourage our students to read and share that experience with family and friends, talking about the books or other items that they might have read. Seeing adults reading and discussing with them what they have chosen to read and why is another way to encourage children to read. An example of the Summer Reading Challenge for 2024 can be found in this section.

Puzzles and GAMES

In the LRC students will also find 'Scrabble', 'Trackword' and 'Analogies' word puzzles and 'Brain Teaser' puzzles. Such puzzles help to develop vocabulary skills whilst reading.

Newspapers and Magazines

The LRC also has a range of newspapers which help to challenge students in their reading whilst also keeping them up to date with events. Copies of 'The Week Junior' to which the school subscribes are also kept for future reference.
